1. Introduction

1.1 AFL London is the Governing Body for the sport of Australian Rules Football in within the London region.

1.2. AFL London has a moral obligation and duty to represent the diverse membership it works with. To address inequalities in our sport and become truly representative of the membership we serve, we will promote equality of opportunity in all our activities.

1.3 AFL London is fully committed to the principles of diversity and equality of opportunity and is responsible for ensuring that no one associated with the sport (including applicant, employee, volunteer, member or other) receives less favourable treatment on the grounds of any protected characteristics. These include age, gender, disability, race, ethnic origin, nationality, parental or marital status, pregnancy and maternity, religion or belief, socioeconomic status, caring responsibilities or sexual orientation, trade union membership or political belief.

1.4 The AFL London Executive Committee will lead this commitment to develop an organisational culture which values not just people from all sections of the community, but the contribution each individual and diverse organisation can make to our work. We will ensure that our policies and practices are constantly monitored, reviewed and updated to achieve this.

1.5 This policy has been produced to prevent any direct or indirect discrimination or other unfair treatment, whether intentional or unintentional, against anyone associated with English Australian Rules Football.

2. Policy context

2.1 Socio-economic and demographic trends in the UK show that the population is ageing, becoming more ethnically diverse and more mobile. Equality and diversity issues are high on the government agenda and form a key tenet of policy development.

2.2 National and regional research studies, reports and initiatives all continue to present a picture of under-representation in sport by these key equality strands. Furthermore, this agenda is supported by legislation, which introduces major responsibilities and rights for groups who commonly experience disadvantage.

2.3 AFL London will abide by the letter of, and apply the spirit of The Equality Act (2010), which seeks to place all relevant equality legislation in one location and includes the aims of the following historic acts:

- Equal Pay Act 1970 (Amended)
- Rehabilitation of Offenders Act 1974
- Sex Discrimination Acts 1975, 1986 & Gender Re-assignment Regulations 1999
- Race Relations Act 1976 and Amendment Regulations 2003 and the Race Relations Amendment Act 2000
- Disability Discrimination Act 1995 and Amendments 2005
- Human Rights Act 1998
- Children Act 1998
- Employment Equality (Sexual Orientation) Regulations 2003
- Employment Equality (Religion and Belief) Regulations 2003
- Gender Recognition Act 2004
- Civil Partnership Act 2004
- The Employment Equality (Sex Discrimination) Regulations 2005
- Employment Equality (Age) Regulation 2006
- Racial and Religious Hatred Act 2006

3. Strategic context

3.1 AFL London's mission is to maximise the contribution of volunteers to the development of the sport in England. With thousands of members representing players, coaches, referees, and volunteers, AFL London exists to raise and maintain standards of Australian Rules Football through advice, education, training and publications. The diversity agenda presents opportunities to recognise and celebrate difference, provide products and services that respond to differing needs and preferences, and promote skilled and diverse workforces. As

a representative organisation and a body that seeks to influence the policy agenda, AFL London recognises the importance of embracing equality and diversity issues.
